

## CAREER OPPORTUNITIES

BI Solutions is looking for motivated technical team members to work with our growing team of experts to solve data issues for our clients. We have a mix of private industry and government customers with an array of environments to support. If you have skills and experience in any of the following areas, we'd like to hear from you.

- **Environments:** On Premise, AWS, Azure, or hybrid
- **Databases:** SQL Server, Yellowbrick, PostgreSQL, or Oracle
- **Transformation Tools:** Synapse, ADF, Informatica, SSIS, AWS Glue or Kinesis
- **Reporting Tools:** Tableau, Qlik, BOBJ, Cognos, Power BI, QuickSight, or Athena

Most roles require US Citizenship, Security Clearances, and background checks. Only US based applicants can be considered.

Some clients prefer military background/experience.

We support a range of settings from fully on-site to hybrid to fully remote and some clients require occasional on-site work (locations in PA, MD, ME, or Metro DC area).

BI Solutions offers a work environment that supports a healthy work/life balance, competitive salaries and great benefits including dental, medical and vision insurance with 100% employer paid premiums; matching retirement fund; paid vacations, holidays and sick leave.
