UI/UX Developer

We are looking for a UI/UX developer to join our team and help us design and develop user interfaces and user experiences for a key Navy DOD project that will significantly impact the nation's weapon system readiness.

As a UI/UX developer, you will:

- Connect to various data sources, create data models, and build interactive reports and dashboards using Advana Jupiter's analytical tools such as Qlik Sense and Databricks.
- Apply data transformation, data analysis, and data visualization techniques to provide actionable insights and decision support for the Navy's missions and functions.
- Follow the Navy's data architecture, standards, policies, and best practices to ensure data security, privacy, and compliance.
- Document and communicate your data processes, findings, and recommendations to various audiences using Jupiter's platform features.
- Troubleshoot and resolve any data or UI/UX issues that may arise.

To be successful in this role, you should have:

- A bachelor's degree in computer science, information systems, statistics, or a related field.
- At least 3 years of experience in UI/UX development, data engineering, or data analysis.
- Proficiency in SQL, Python, R, or other programming languages for data manipulation and analysis.
- Experience with cloud-based UI/UX tools such as Qlik Sense, Databricks, Invision Studio, Proto.io, Webflow, Balsamiq, Axure, or similar .
- Knowledge of UI/UX design tools such as Sketch, inVision, Figma, Photoshop, Illustrator, or similar.
- Knowledge of the Navy's data sources, domains, and use cases.
- Excellent communication, collaboration, and critical thinking skills.
- **A government security clearance or the ability to obtain one.**

Location: Remote work and hybrid options available. Occasional on-site collaborative meetings in Philadelphia, PA and/or Harrisburg, PA will be required.

Benefits: We offer competitive compensation. Our benefits package includes medical, dental, vision, with **100% of premiums company paid**, paid time off, paid sick time, paid holidays, and a retirement plan with company match. Our employees enjoy a collaborative and supportive work environment.
